- Neoadjuvant and adjuvant chemotherapy
- Liver transplantation

Distinguishing Features

- Part of NCI-designated Case Comprehensive Cancer Center
- Multidisciplinary consultation and weekly disease-specific tumor board
- Noninvasive diagnostic technology
- Genetic analysis of tumors to guide personalized therapy
- Genetic risk assessment to guide preventive strategies in cancer-prone families
- Supportive and Integrative Oncology program
- Extensive portfolio of clinical trials of new treatments
- Only Proton Therapy Center in Ohio

About UH Cleveland Medical Center

At the core of University Hospitals' \$4 billion health system is UH Cleveland Medical Center, ranked among America's best hospitals by U.S. News & World Report. UH Cleveland Medical Center is home to some of the most prestigious clinical and research programs in the nation, including cancer, pediatrics, women's health, orthopedics, radiology, neuroscience, cardiology and cardiovascular surgery, digestive health, transplantation and genetics. Its main campus includes UH Rainbow Babies & Children's Hospital, ranked among the top children's hospitals in the nation; UH MacDonald Women's Hospital, Ohio's only hospital for women; and UH Seidman Cancer Center, part of the NCI-designated Case Comprehensive Cancer Center at Case Western Reserve University.
