

# Prenatal Diagnostic Center Santa Rosa

UCSF Health

## WE'VE MOVED!

Effective February 1: 1701 Fourth St., Suite 100 | Santa Rosa, CA 95404

At the UCSF Prenatal Diagnostic Center in Santa Rosa, you and your patients have access to advanced technologies and services provided by physicians with expertise in both genetics and maternal-fetal medicine. Our physicians are available for one-time consults or ongoing co-management of complex maternal and fetal conditions.

### Services available:

- Comprehensive genetic counseling and testing
- Maternal-fetal medicine consultations
- Prenatal ultrasound
- Screening and diagnostic testing for fetal disorders, including chorionic villus sampling (CVS) and amniocentesis
