

## WavelinQ™ EndoAVF Training for Physicians

The Advance Education & Training Team, in collaboration with endoAVF thought leaders, have developed a comprehensive online training program that allows physicians to take control of their learning journey. The WavelinQ™ EndoAVF System educational pathway offers physicians eLearning content in one location, with 24/7 access to online courses, and provides supplemental materials to help learners broaden their clinical expertise and enhance procedural skills. Each course within the program contains modules that may include videos, presentations, procedure guides, and other informative reference materials related to the WavelinQ™ EndoAVF System and endoAVF procedure.

### Primary Courses:

- WavelinQ™ EndoAVF Patient Selection
- Introduction to WavelinQ™ EndoAVF Procedure
- Exploring the Lesser Known EndoAVF Anatomy
- WavelinQ™ EndoAVF Maturation Assessment
- WavelinQ™ EndoAVF Cannulation

### Supplementary Courses:

- WavelinQ™ EndoAVF System eBook
- Moderated WavelinQ™ EndoAVF Procedure (Video)
- WavelinQ™ EndoAVF Procedure Library (Videos)
- Ultrasound Guided Venous Access (Video)

➤ To access the online training system, please contact your WavelinQ™ EndoAVF System representative or the Advance team at [BDPI.Advance@bd.com](mailto:BDPI.Advance@bd.com).
