To be completed by planner, faculty, or any others who have influence over the educational content

Please disclose ***all*** financial relationships that you have had in the ***past 24 months*** with ineligible companies. An ineligible company¹ is any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. For specific examples of ineligible companies, see the following page. There is no minimum financial threshold; we ask that you disclose all financial relationships regardless of the dollar amount. You also must disclose ***all financial relationships regardless of the relationship's relevance to the educational content.***

- No, I have not had** any financial relationships with ineligible companies in the past 24 months.
 Yes, I have had financial relationships with ineligible companies in the past 24 months (complete details below).

Enter the Nature of Financial Relationship	List all Ineligible Companies <i>For each company you list, add in parenthesis the therapeutic area or product group with which you have the relationship.</i>	Click Below if the Relationship Has Ended	Company with which the Relationship Has Ended

Types of Ineligible Organizations That *Cannot* Be Accredited in the ACCME System and Which You Must Disclose

Companies that are ineligible to be accredited in the ACCME System (*ineligible companies*) are those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Examples of such organizations include:

- Advertising, marketing, or communication firms whose clients are ineligible companies
- Bio-medical startups that have begun a governmental regulatory approval process
- Compounding pharmacies that manufacture proprietary compounds
- Device manufacturers or distributors
- Diagnostic labs that sell proprietary products
- Growers, distributors, manufacturers or sellers of medical foods and dietary supplements
- Manufacturers of health-related wearable products
- Pharmaceutical companies or distributors
- Pharmacy benefit managers
- Reagent manufacturers or sellers

Types of Eligible Organizations That May Be Accredited in the ACCME System and Which You Do Not Need To Disclose

Organizations eligible to be accredited in the ACCME System (*eligible organizations*) are those whose mission and function are: (1) providing clinical services directly to patients; or (2) the education of healthcare professionals; or (3) serving as fiduciary to patients, the public, or population health; and other organizations that are not otherwise ineligible. Examples of such organizations include:

- Ambulatory procedure centers
- Blood banks
- Diagnostic labs that do not sell proprietary products
- Electronic health records companies
- Government or military agencies
- Group medical practices
- Health law firms
- Health profession membership organizations
- Hospitals or healthcare delivery systems
- Infusion centers
- Insurance or managed care companies
- Nursing homes
- Pharmacies that do not manufacture proprietary compounds
- Publishing or education companies
- Rehabilitation centers
- Schools of medicine or health science universities
- Software or game developers
