

Tampa General Hospital Continuing Medical Education

The Spectrum of Obesity Management: The role of bariatric endoscopic therapies to fill the gap between the medical and surgical extremes

Presented by

Ali Abbas, MD, MPH

Assistant Professor of Medicine and Surgery

Director of Bariatric Endoscopy

University of South Florida

September 14, 2021

7:00 p.m. Live Webinar

As a result of participating in this activity, learners will be able to: Discuss obesity as a chronic disease, review of the current available option for obesity management, review of bariatric endoscopic intervention as an option in the continuum of obesity care, and review the future endoscopic therapies that will be available in the next few years

The target audience for this presentation: Primary Care, Gastroenterologists, and Orthopedic Surgeons

Activity Director

Laura Haubner, MD

Executive Vice President & Chief Medical Officer
Tampa General Hospital

Disclosures

USF Health endorses the standards of the ACCME that require everyone in a position to control the content of accredited educational activity to disclose all financial relationships with commercial interests that are related to the content of the educational activity. All accredited activities must be balanced, independent of commercial bias and promote improvements or quality in healthcare. All recommendations involving clinical medicine must be based in evidence accepted within the medical profession.

A conflict of interest is created when individuals in a position to control the content of an accredited educational activity have a relevant financial relationship with a commercial interest which therefore may bias his/her opinion and teaching. This may include receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, stocks or other financial benefits.

USF Health will identify, review and resolve all conflicts of interest that speakers, authors or planners disclose prior to an educational activity being delivered to learners. Disclosure of a relationship is not intended to suggest or condone bias in any presentation but is made to provide participants with information that might be of potential importance to their evaluation of a presentation. USF Health does not endorse any products or services.

All Planning Committee and Staff not listed below have completed *conflict of Interest Disclosures* and they have no potential conflicts of interest. Disclosures are on file at USF Office of Continuing Professional Development.
