

## NOW AVAILABLE IN SAN MATEO

# Pediatric Urology Services

### Our Team

#### Larry Baskin, MD

Pediatric urologist

BIO: [ucsfmd.org/laurence-baskin](https://ucsfmd.org/laurence-baskin)

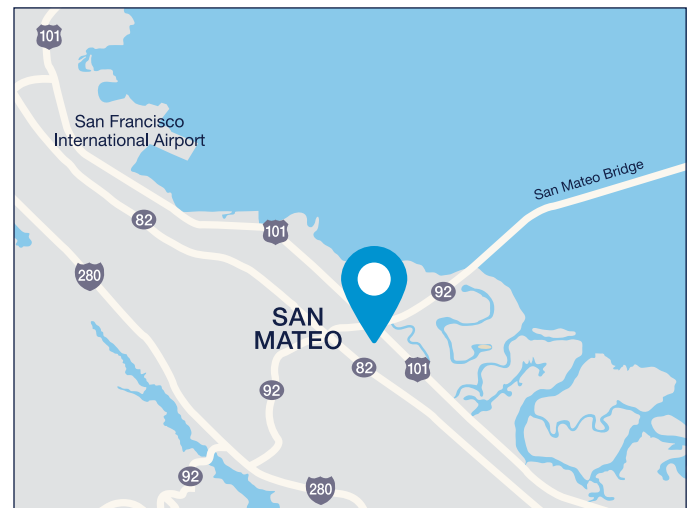

#### Lucille Huang, MSN, CPNP

Nurse practitioner

BIO: [ucsfmd.org/lucille-huang](https://ucsfmd.org/lucille-huang)

### Our Location

1100 Park Place, Suite 100 | San Mateo, CA 94403

### Our Services

Our pediatric urologists and nurse practitioners are experts in the treatment of genital and urologic conditions in children and adolescents, including the following:

- Hypospadias, undescended testis, hernia and hydroceles
- Urinary tract infections and reflux
- Bladder and bowel dysfunction, enuresis and urinary incontinence

We offer robotic, laproscopic and minimally invasive surgery, and our specialties also include reconstructive and transitional urology. We work closely with referring providers to deliver seamless, comprehensive care, close to home.

2.2021-GGS124

## Appointments available now!

Most insurances accepted. Serving San Mateo, Santa Clara and Santa Cruz counties.

**Referrals:** If your case is urgent, same-day telehealth visits are available. Otherwise, please allow 24-48 hours for in-person or telehealth visits.
