

HEALTHCARE PROVIDER QUICK REFERENCE GUIDE

CONNECT & CONSULT

Connect directly with your Acelity representative to share wound information and discuss treatment options

ORDER THERAPY

Initiate an order for V.A.C.[®] Therapy & instantly transmit the signed prescription to Acelity

MANAGE OUTCOMES

Share your patient's wound healing progression with Acelity to support documentation of medical necessity

PRODUCT GUIDES

Obtain information on the wide range of clinically proven wound healing therapies & dressings by Acelity

The new Acelity mobile application **iOn Healing™** is HIPAA compliant and designed to improve customer support and facilitate more efficient and effective communication between you and your Acelity support team.

Get Started

Create an Account and Sign In

View the **Get Started** tour to familiarize yourself with the app

From the **Home screen**, choose from the following four main functions:

Connect & Consult

Tap on **Request Consult** to answer a short series of questions about your patient's wound, and take up to four photos to include with your request. Tap on **Send** and Acelity will contact you after reviewing your consult request.

Order Therapy

Tap on **Order Therapy** to initiate a V.A.C.[®] Therapy order by transmitting patient data, delivery details, and prescription information directly to Acelity.

Manage Outcomes

Tap on **Manage Outcomes** to answer a short series of questions about your patient's wound, and take up to four photos to include with the assessment. Sign the assessment and submit it to Acelity.

Product Guides

Tap on Product Guides to view information about Acelity therapies and dressings, application guides, and more.

Tap on the **Menu** icon (☰) for additional resources and features:
