

Our Radiation Oncology Nurse Navigators are Here for You

Working under the direction of a Radiation Oncologist, our Nurse Navigators are dedicated to working with patients and their families throughout their cancer experience.

Our Nurse Navigator:

- Serves as a liaison to foster greater communication between the patient and their health care team
- Help patients and families cope with and understand diagnosis
- Help patients and families understand recommended treatment options
- Helps facilitate follow-up care that the patient may need
- Provide direct nursing care to patients
- Assists families with local accommodations if traveling from out of the area

Our highly specialized program offers comprehensive services, the latest treatment options, and a variety of educational and support services.

Our Program Includes:

- Board-certified Radiation Oncologists
- Medical Physicists
- Dosimetrists
- Radiation Therapists
- Nurse Navigators Specialized in Radiation Oncology
- Registered Dietitian
- Social Worker
- Comprehensive Second Opinion Tumor Boards
- Clinical Trials Nurse
- Genetic Counselor
- Support and Educational Programs
