- Reduction in downtime with continual access to procedure-ready equipment

PROTECT YOUR FLEXIBLE ENDOSCOPE INVESTMENT

Full-Service Coverage and Support for Flexible Endoscopes

Comprehensive Service Agreement (CSA)

Provides repair or replacement on any failure or breakage of covered equipment during a 1- to 3-year contract term, without additional charges. CSAs are customizable and can be modified based on term length, for a single product or an entire product portfolio, and at a single facility or multiple facilities. CSAs combine hassle-free service with reliable protection against unforeseen downtime and unanticipated costs.

FLEXPack Service Agreement

FLEXPack covers a set number of endoscope replacements for any breakage of your flexible rhino-laryngoscopes during a 1- to 5-year term at a discounted price. If the number of replacements is exceeded before the contract term ends, you can simply add more at the same discounted price.

Financing & Managed Equipment Services (MES)

The FLEXChoice program allows you to finance new flexible rhino-laryngoscopes along with FLEXPack service coverage over a 3- to 5-year term. With FLEXChoice, you can get what you need right away and pay over time, allowing you to stay within your budget. An MES provides the ultimate asset-management solution – this financing package bundles together equipment of any kind, service coverage through a CSA or Capped CSA, and an optional On-site Endoscopic Specialist in one payment on a single contract. You can replace equipment with the latest, most advanced KARL STORZ technology at any time during the MES contract term.
