KARL STORZ Hysteroscopy Instrument Container System

Cost-Effective, Hassle-Free Sterilization

The KSZ-39312C sterilization container is designed to house your KARL STORZ hysteroscopic instruments and rigid telescopes through transport, sterilization and storage. The system offers cost-effective sterilization for your valuable hysteroscopic instrument and rigid telescope investment. KARL STORZ sterilization container systems are made from aircraft-grade anodized aluminum to prevent pitting and corrosion. They eliminate the need for blue sterilization wrap, saving time and money.
