KARL STORZ Video Mediastinoscopy Set Container System

Cost-effective, hassle free sterilization

The KSZ-39312VMS Video Mediastinoscopy Set sterilization system is designed to house your KARL STORZ video mediastinoscopy instruments through transport, sterilization, and storage. It offers cost-effective sterilization for your valuable video mediastinoscopy instrument set investment. KARL STORZ sterilization systems are made from aircraft grade anodized aluminum to prevent pitting and corrosion. They eliminate the need for blue sterilization wrap, saving time and money.
