

# KARL STORZ Rigid Telescope Container Systems

## Protect Your Rigid Telescope Investment

Our Rigid Telescope Container Systems are specially designed to protect your rigid scope inventory during transport, reprocessing, and storage.

- Validated and approved for Steam, STERRAD®, and V-PRO®\* sterilization systems\*\*
- Save time and money over blue wrap
- Anodized to prevent pitting and corrosion

\* STERRAD® is a registered trademark of Advanced Sterilization Products. V-PRO® is a registered trademark of STERIS Corp.

\*\* Please refer KSZ-IFU\_SteriTite IFU Karl Storz for more details on sterilization modalities. Refer to the product IFU to determine correct sterilization modality prior to reprocessing.

# KARL STORZ Rigid Telescope Container Systems

## Protect Your Rigid Telescope Investment

The KARL STORZ Rigid Telescope Sterilization Container Systems are designed to house your KARL STORZ rigid telescopes through transport, sterilization and storage. It offers cost-effective, hassle-free sterilization for your valuable rigid telescope investment. KARL STORZ sterilization systems are made from aircraft-grade anodized aluminum to prevent pitting and corrosion. They also help eliminate the need for blue sterilization wrap, while saving time and money.
