KARL STORZ RESECTION SET CONTAINER SYSTEM

Cost-effective, hassle free sterilization

The KSZ-39312D Resection Set sterilization system is designed to house your KARL STORZ urology and gynecology resection instruments through transport, sterilization, and storage. It offers cost-effective sterilization for your valuable resection instrument set investment. KARL STORZ sterilization systems are made from aircraft grade anodized aluminum to prevent pitting and corrosion. They eliminate the need for blue sterilization wrap, saving time and money.
