

Stereotactic Radiosurgery at John Muir Health

**A collaboration of the JMH Neuroscience Institute and JMH Cancer Institute
Providing “best in class” treatment and care**

Dedicated Team

- Multi-disciplinary team of neurosurgeons, radiation oncologists, physicists, radiologists, and nurse navigators
- Individualized treatment plans
- Dedicated Tumor Board to review all cases
- Ongoing communication with primary care physician throughout planning and treatment
- Treating a wide variety of brain and spinal tumors and malformations

- Integrated scanning, planning, and treatment with one system
- Precisely contours the radiation beam to tumor shape
- Delivers an optimal therapeutic dose as it moves around patient's head
- Designed to target pathology and spare healthy tissue
- Efficient, frameless delivery maximizes patient comfort during treatments

Breakthrough Technology

TrueBeam STx™

To facilitate a patient referral contact our dedicated nurse navigator:

Darcel McClure , R.N., F.C.N.
(925) 357-0893
9:00 am – 5:00 pm

TrueBeam is a trademark of Varian Medical Systems, Inc.

johnmuirhealth.com

Conditions treated:

- Primary brain tumor
- Brain metastases from breast, lung, prostate, melanoma, gynecologic and renal cancers
- Glioma
- Glioblastoma
- Meningioma
- Pituitary tumor
- Acoustic neuroma
- Spinal tumor
- Trigeminal neuralgia
- Arteriovenous malformation

Our Current Tumor Board:

A multi-disciplinary team of medical experts who meet weekly to review and tackle complex cases. Provides access to expertise usually found only at academic medical centers. Referring physicians are welcome to attend and contribute at meetings.

Neurosurgeons

Dr. G. Counelis, Medical Director,
Brain Tumor and Neuro-Oncology Program
Dr. T. Chen, Medical Director, Neurosurgery
Dr. J. Cheng
Dr. G. Adey

Radiation Oncologists

Dr. D. Chinn
Dr. M. Moini
Dr. V. Massullo
Dr. R. Sethi

Nurse Navigator

Ms. D. McClure, R.N., F.C.N.

Medical Oncologists

Physicists

Neuropsychologists

Neuroradiologist

Research Nursing Staff

Pathologist

Administrative Staff

Dr. W. Bice, Chief Physicist and Director
